

My Revolution:  
2<sup>nd</sup> Transnational Youth  
Conference & European  
Advocacy Seminar, Part 1

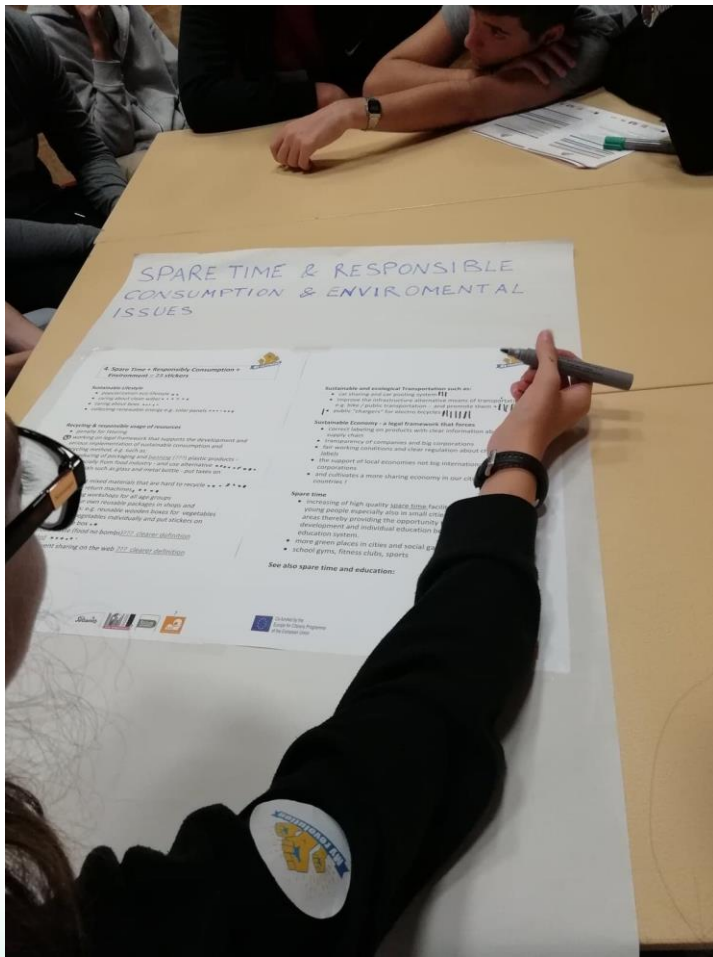

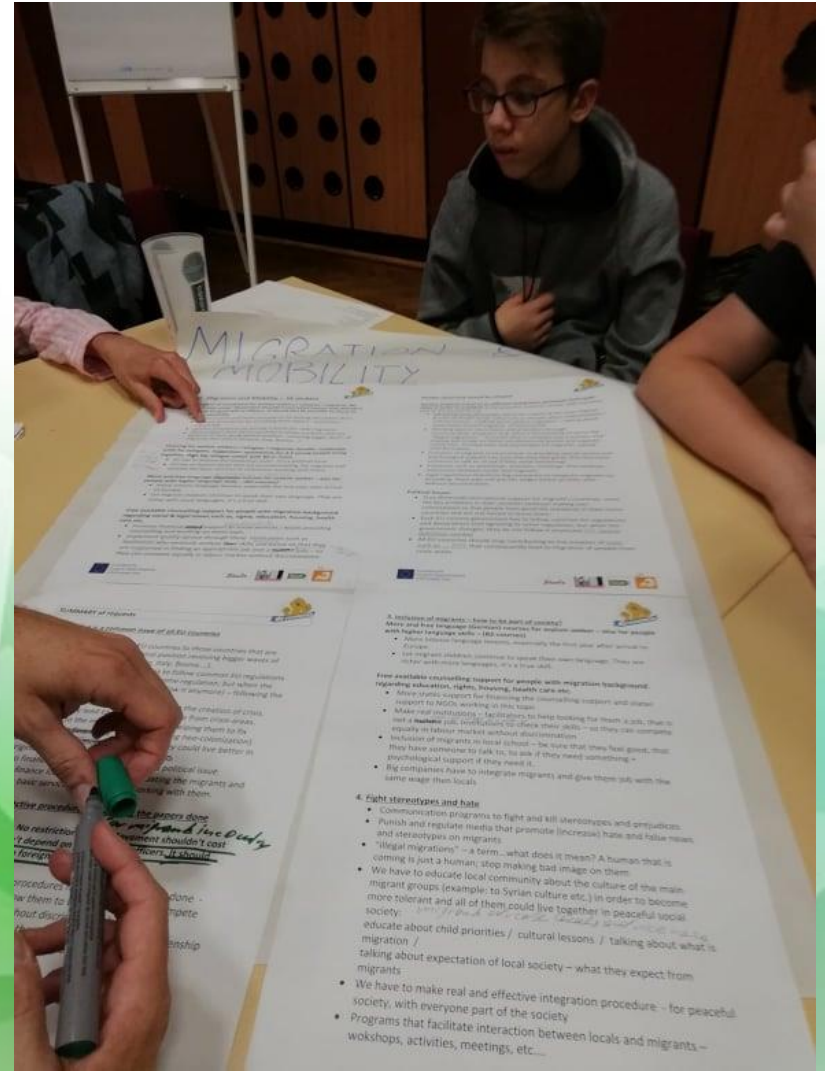

VHS Brigittenau: Vienna, Austria  
20<sup>th</sup> - 23<sup>rd</sup> of September 2018

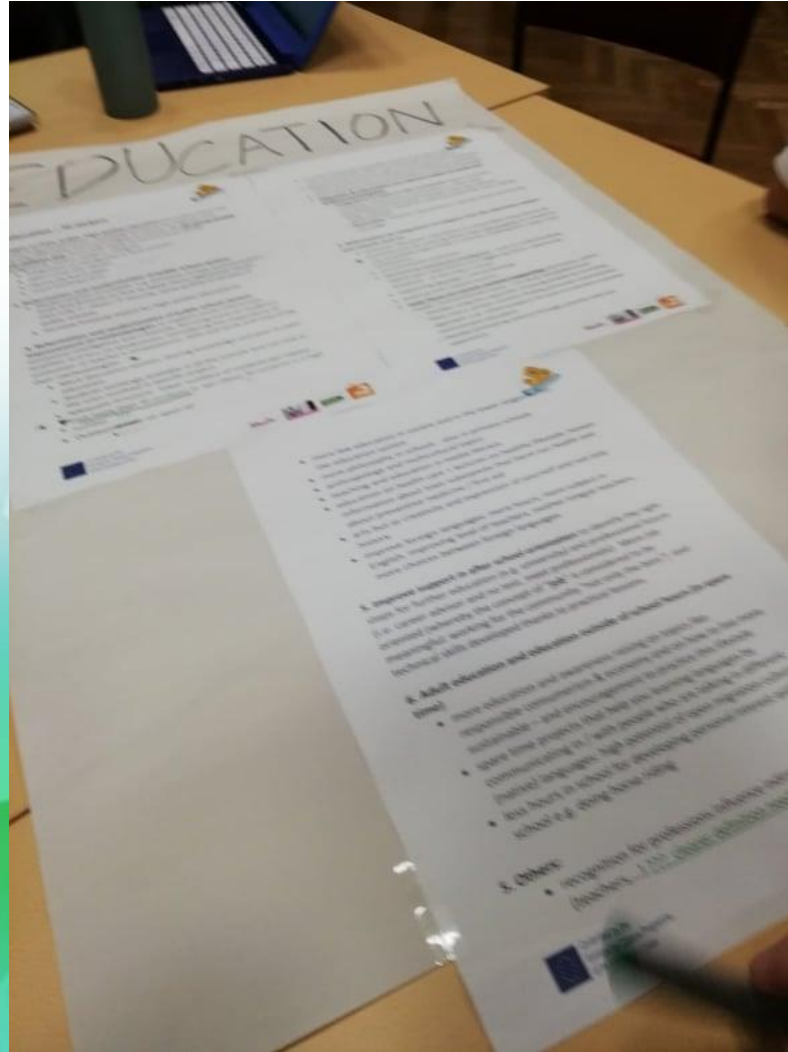

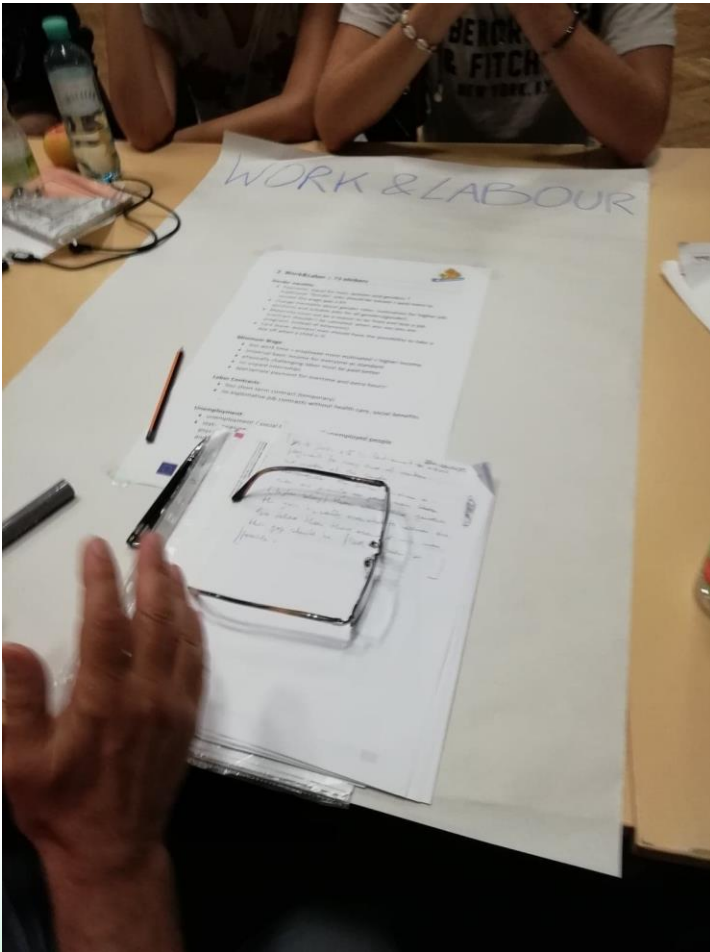

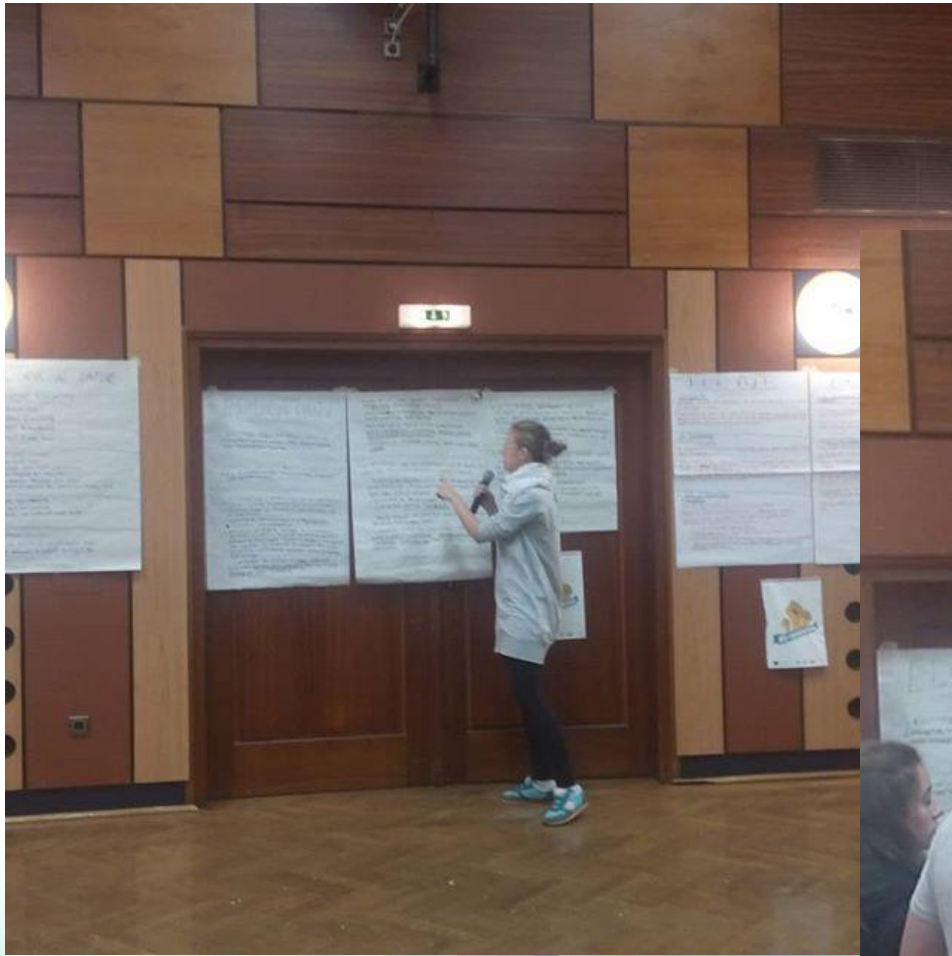

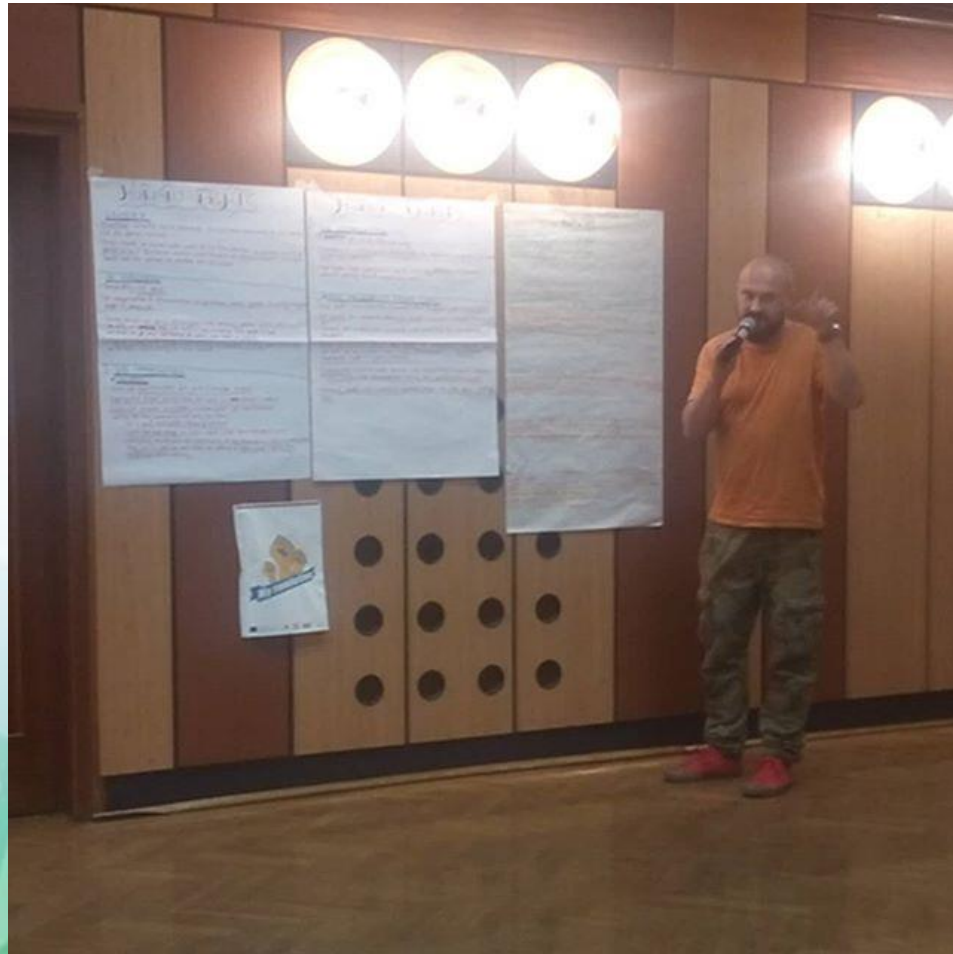

# HUMAN RIGHTS

## GENDER

- Abortion should be a personal decision (man decisions on the matter but also father involved)
- There should be doctors who wants to do the abortion (No doctor should be forced to do it. If a doctor doesn't want (because of religion/morals) "The doctor should send the patient to another one who wants")

## NO DISCRIMINATION

- Personality & Not place
- No categorization & discrimination (no questions about gender/religion/ethnic origin in school jobs...)
- Society should not force stereotypes (like dressing, gender roles, toys, races)
  - no child can play with dolls or cars, no matter what gender it has
  - no child can wear different clothes to what, when parents to start
- A person is free to wear whatever they like and everyone has to take responsibility for their choice

## JOB OPPORTUNITIES:

- GENERAL
- More job opportunities for youth/younger people
- Appropriate legal framework to work in foreign countries
- Different concepts of "JOBS" → meaningful job opportunities waiting for the community (not only the boss)
  - > e.g. paid environment cleaning assistant
  - > work for each other (so others don't profit from someone's work)
  - > every body should have the opportunity to try themselves out in new jobs
  - > every body should have an option to learn more about the professions while working

# EDUCATION

RIGHT TO FREE, PUBLIC, HIGH QUALITY EDUCATION  
 [INTEGRATION OF IMMIGRANTS IN SCHOOLS, OPEN UNIVERSITY CLASSES]  
 MORE KINDERGARTENS - PUBLIC ONE

MODERNISATION OF PUBLIC SCHOOLS  
 [e.g. NEW COMMUNICATION TOOLS & LECTURES, E-BOOKS, DIGITALIZED CLASSES]

REFORMATION & MODERNISATION OF THE PUBLIC SCHOOL SYSTEM → IMPROVEMENT OF METHODOLOGIES

- FOCUSING MORE ON STUDENT'S QUALITIES AND LESS ON WEAKNESSES
- CONSIDERING THE IMPORTANCE OF EVALUATION OF TEACHER'S COMPETENCES ECT.
- STUDENTS EXCHANGE AVAILABLE IN ALL SCHOOLS, NOT ONLY IN THOSE INVOLVED IN SPECIFIC PROJECT
- ADEQUATE STRUCTURE - LOWER NUMBERS OF STUDENTS PER CLASSES (NOT MORE THAN 30 STUDENTS PER CLASS)
- INCREASE COOPERATION BETWEEN SCHOOLS & OTHER INSTITUTIONS
- STRUCTURED THE LESSONS AS OPEN CURRICULA WITH SOME MANDATORY SUBJECT AND THE OTHER CHOSEN BY EACH STUDENTS

# POLITICAL PARTICIPATION

TAKE US SERIOUSLY [IMPLEMENT] [EQUALITY]  
 Engagement → classical (voting) current system (larger scale) ⇒ alternative (comm. initiatives, protests) besides the system; local/community level

- 1) EDUCATION, INFORMATION
  - basics of economy, politics, unbiased, compulsory [EU]
  - because "youth think politics are complicated & corrupt"
  - media → available, true & transparent & objective data. [WFS]
  - show different realities
  - avoid -contradictions, -risks
- 2) MOTIVATION
  - youth exchange, peer-to-peer, debate
  - debate with those "in power", govt representatives
  - EC: equality & support
  - secure basic rights
  - strategies = INCLUSIVE
  - transparency of the system
  - youth organisations
  - peer-to-peer
- 3) RELEVANCE - IMPLEMENTATION
  - politicians pass the exam (main edu)
  - promises kept (transparency, accountability, consequences)
  - transparency (web platform → follow implementation)
  - accountability (also social media and other)
- 4) PARTICIPATION
  - facilitated, supported, DIRECT PARTICIPATION DEMOCRACY
  - local countries
  - NAO, 1 and society
  - none citizens right to vote (30 years, decide where to vote → original or actual country)
  - informed voting (basic voting points on voting sheet and while candidates's avoid populism)
  - secure digitalisation
- 5) REPRESENTATION
  - NAOs, youth organisations
  - local, youth councils
  - youth parliament
  - youth organisations
  - representatives in different bodies

# 3 Social Issues and health care

## HEALTHCARE:

- BETTER QUALITY OF HOSPITALS:
  - Better paid doctors and nurses to increase the number of employees in hospitals
  - Less working hours for employees in hospitals
- REFORMING PUBLIC HEALTH INSURANCE BY INCLUDING COVERAGE OF DENTIST TREATMENTS AND PSYCHOTHERAPY
- MORE KNOWLEDGE ABOUT FIRST AID:
  - Medical education in schools, also for younger kids
  - Everybody should have a first aid course
- A MODERNISED AND DIGITALIZED HEALTH CARE SYSTEM:
  - Better access to informations (Digital)
  - Equipment should be modernized
  - Implementation of new technologies
- HEALTH CARE IN SCHOOLS:
  - More lessons about sexual education, mental health, first aid and how to get access to health care

## PUBLIC HOUSING:

- AFFORDABLE APARTMENTS FOR ALL PEOPLE

IMPROVE SUPPORT IN AFTER SCHOOL ORIENTATION TO IDENTIFY THE RIGHT STEPS FOR FURTHER EDUCATION & PROFESSIONAL FUTURE

- MORE JOB ORIENTED (WHEREBY THE CONCEPT OF "JOB" IS CONSIDERED TO BE MEANINGFUL: WORKING FOR THE COMMUNITY "NOT ONLY FOR THE BOSS")

ADULT EDUCATION IN SPARE TIME

- MORE EDUCATION & AWARENESS ON TOPICS LIKE RESPONSIBLE CONSUMERISM & ECONOMY & HOW TO LIVE MORE SUSTAINABLE
- PROJECTS THAT HELP YOU LEARNING LANGUAGES BY COMMUNICATING IN/WITH PEOPLE WHO'RE TALKING IN DIFFERENT (NATIVE) LANGUAGES:

# Migration + Mobility ②

- 1) Improved + faster procedures to get asylum
- 2) Allow migrants to work + participate equally in labor market (without discrimination)
- 3) Quicker procedures for joining a family - for children migrants
- 4) Freedom of movement for refugees + asylum seekers in EU (not depending on officers' good-will + money)

• COLLECTING RENEWABLE ENERGY E.G. SOLAR PANELS

RECYCLING & RESPONSIBLE OF RESOURCES

- WORKING ON LEGAL FRAMEWORK THAT SUPPORTS THE DEVELOPMENT AND SERIOUS IMPLEMENTATION - OF SUSTAINABLE CONSUMPTION AND RECYCLING METHOD E.G. SUCH AS:
  - REDUCING OF PACKAGING AND PROHIBIT PLASTIC PRODUCTS - ESPECIALLY FROM FOOD INDUSTRY - AND USE ALTERNATIVE MATERIALS. PUT TAXES ON PLASTIC.
  - STOP USING MATERIALS (OR MIXED MATERIALS) THAT ARE HARD TO RECYCLE
  - PACKAGING RETURN MACHINES
  - ALLOWING YOUR OWN PACKAGES (REUSABLE) IN SHOPS AND SUPERMARKETS FOR WEIGHT PRODUCTS
  - NO FOOD WASTE (CAN BE COMPOSTED AND CONTROLLED)

SUSTAINABLE AND ECOLOGICAL TRANSPORT SUCH AS:

- IMPROVE THE INFRASTRUCTURE ALTERNATIVE MEANS OF TRANSPORTATION AND PROMOTE THEM + PUBLIC CHARGES FOR ELECTRO BICYCLES
- CAR SHARING AND CAR POOLING SYSTEM

• COLLECTING RENEWABLE ENERGY E.G. SOLAR PANELS
